

St Charles Catholic Primary School

Data Protection Policy

Designated Teacher: Marily Troyano

Designated Governor: Dave Hallbery

Date policy adopted by the Governing Body: Autumn 2020

Date policy to be reviewed: Autumn 2021

St Charles Catholic Primary school

Our Mission Statement

✠ *Love God, Love your Neighbour* ✠

(Design by Claudia 5A -

2020)

Through God's love, and with guidance from the Holy Spirit, we, the Community of St Charles, share our Catholic faith together. We seek to nurture in our children an understanding of the importance of Christian values and a deep love and lifelong commitment to God.

We value the unique strengths and gifts of the children entrusted to us and strive to provide an excellent education, so that through our teaching the children may realise their full potential.

In partnership with our families, Governors and Parish, and inspired by our faith, we support the children of St Charles. We encourage them to shine, to have pride in their achievements, to show concern for others and contribute to society as responsible citizens.

Our Aims

- *To appreciate that we are all uniquely created and loved by God.*
 - *To deepen each child's understanding of the Catholic faith.*
- *To nurture in the children an understanding of Christian values and how these help shape our lives and the lives of others.*
 - *To understand the importance of forgiveness and reconciliation.*
- *To work in partnership with parents and Parish to create a Christian atmosphere enriched through prayer.*
- *To provide an excellent education so children learn and achieve their potential.*
- *To respect and care for one another in a happy, welcoming and nurturing community.*

To ensure children care and respect others, develop an understanding of the world and contribute to society as responsible citizen

1. Mission Statement

2. Aims

St Charles Catholic Primary School aims to ensure that all personal data collected, stored, processed and destroyed about any natural person, whether they be a member of staff, pupil, parent, Local Academy Committee Member, visitors, contractor, consultant, a member of supply staff or other individual in the School is done so in accordance with the General Data Protection Regulation (GDPR) and the expected provisions of the Data Protection Act 2018 (DPA 2018).

This policy applies to all personal data, collected, stored, processed and destroyed by St Charles Catholic Primary School, regardless of whether it is in paper or electronic format, or the type of filing system it is stored in, and whether the collection or processing of data was, or is, in any way automated.

3. Legislation and guidance

This policy meets the requirements of the GDPR and the provisions of the DPA 2018. It is based on guidance published by the Information Commissioner's Office (ICO) on the GDPR and the ICO's code of practice for subject access requests. It is also based on the ICO guidance on GDPR, and information provided by the Article 29 Working Party.

It also meets the requirements of the Protection of Freedoms Act 2012, ICO's code of practice in relation to CCTV usage, and the DBS Code of Practice in relation to handling sensitive information. This policy also complies with the Education (Pupil Information) (England) Regulations 2005, which gives parents the right of access to their child's educational record.

4. Definitions

<u>Term</u>	<u>Definition</u>
Data controller	The natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.
Data processor	A natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller, following the Controller's instruction.
Data subject	The identified or identifiable individual whose personal data is held or processed.
Consent	Freely given, specific, informed and unambiguous indication of the data subject's wishes by which he or she, by a statement or by a clear affirmative action, signifies agreement to the processing of personal data relating to him or her.

<p>Personal data</p>	<p>Any information relating to an identified or identifiable natural person ('data subject'); an identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a</p> <ul style="list-style-type: none"> • Name (including initials), • an identification number, • location data, • an online identifier, such as username, or • to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of an individual.
<p>Special categories of personal data</p>	<p>Personal data which is more sensitive and so needs more protection, including Information about an individual's:</p> <ul style="list-style-type: none"> • Racial or ethnic origin • Political opinions • Religious or philosophical beliefs • Trade union membership • Genetics • Biometrics (such as fingerprints, retina and iris patterns), where used for identification purposes • Health – physical or mental • Sex life or sexual orientation • history of offences, convictions or cautions * <p>* Note: whilst criminal offences are not listed as “special category data”, within this policy we have included them as such in acknowledgement of the care needed with this data set.</p>
<p>Processing</p>	<p>Any operation or set of operations which is performed on personal data or on sets of personal data, whether or not by automated means, such as collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.</p> <p>Processing can be automated or manual.</p>
<p>Data breach</p>	<p>A breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data.</p>

5. The data controller

St Charles Catholic Primary School processes personal data relating to parents, pupils, staff, governors, visitors and others, and therefore is a data controller and a data processor.

St Charles Catholic Primary School is registered as a data controller with the ICO and will renew this registration annually or as otherwise legally required. The registration number is Z9068864.

6. Roles and responsibilities

This policy applies to **all staff** employed by our school, and to external organisations or individuals working on our behalf. Staff who do not comply with this policy may face disciplinary action.

6.1 Governing Board

The Governing Board has overall responsibility for ensuring that our school complies with all relevant data protection obligations.

6.2 Data Protection Officer

As a public body the School has appointed Grow Education Partners Ltd as its Data Protection Officer (DPO); the responsible contact is David Coy (david.coy@london.anglican.org; Tel: 07903 506531).

The DPO is responsible for overseeing the implementation of this policy in the first instance, before reviewing our compliance with data protection law, and developing related policies and guidelines where applicable.

Upon request, the DPO can provide an annual report of the school's compliance and risk issues directly to the Governing Body and will report to the board their advice and recommendations on school data protection issues.

The DPO is also the first point of contact for individuals whose data the school processes, and for the ICO. Full details of the DPO's responsibilities are set out in the Service Level Agreement for Service.

6.3 Representative of the data controller

The school's Data Protection Lead (DPL) acts as the representative of the data controller on a day-to-day basis. The DPL is Marily Troyano (info@st-charles.rbkc.sch.uk; tel: 020 8969 5566).

6.4 All staff

Staff (regardless of role) are responsible for:

- Collecting, storing and processing any personal data in accordance with this policy.
- Informing the school of any changes to their personal data, eg a change of address, telephone number, or bank details.
- Contacting the DPO in the following circumstances:
 - With any questions about the operation of this policy, data protection law, retaining personal data or keeping personal data secure
 - If they have any concerns that this policy is not being followed
 - If they are unsure whether or not they have a lawful basis to use personal data in a particular way
 - If they need to rely on or capture consent, draft a privacy notice, deal with data protection rights invoked by an individual, or transfer personal data outside the European Economic Area
 - If there has been a data breach
 - If they receive any subject access requests

- Whenever they are engaging in a new activity that may affect the privacy rights of individuals
- If they need help with any contracts or sharing personal data with third parties.

7. The GDPR Data protection principles

The GDPR is based on 6 data protection principles that the St Charles Catholic Primary School must comply with.

These are that data must be:

- Processed lawfully, fairly and in a transparent manner
- Collected for specified, explicit and legitimate purposes
- Adequate, relevant and limited to what is necessary to fulfil the purposes for which it is processed
- Accurate and, where necessary, kept up to date
- Kept for no longer than is necessary for the purposes for which it is processed
- Processed in a way that ensures it is appropriately secure

The Accountability principle ties these all together by requiring an organisation to take responsibility for complying with the other six principles. Including having appropriate measures and records in place to be able to demonstrate compliance.

This policy sets out how St Charles Catholic Primary School aims to comply with these key principles.

8. Collecting personal data

8.1 Lawfulness, fairness and transparency

We will only process personal data where we have one of 6 'lawful basis' (legal reasons) to do so under data protection law:

- The individual (or their parent/carer when appropriate in the case of a pupil) has freely given clear **consent**
- The data needs to be processed so that the school can **fulfil a contract** with the individual, or the individual has asked the school to take specific steps before entering into a contract
- The data needs to be processed so that the school can **comply with a legal obligation**
- The data needs to be processed to ensure the **vital interests** of the individual e.g. to protect someone's life
- The data needs to be processed so that the school, as a public authority, can perform a task **in the public interest**, and carry out its official functions
- The data needs to be processed for the **legitimate interests** of the school or a third party (provided the individual's rights and freedoms are not overridden)

For special categories of personal data, we will also meet one of the special category conditions for processing which are set out under data protection law.

These are where:

- The individual (or their parent/carer when appropriate in the case of a pupil) has given **explicit consent**.

- It is necessary for the purposes of carrying out the obligations **and exercising specific rights** of the controller or of the data subject in the field of **employment** of a Data Controller or of a Data Subject.
- It is necessary to protect the **vital interests** of the Data Subject.
- Processing is carried out in the course of its **legitimate activities** with appropriate safeguards by a **foundation, association or any other not-for-profit body with a political, philosophical, religious or trade union aim.**
- The Personal Data has **manifestly been made public** by the Data Subject.
- There is the **establishment, exercise or defence of a legal claim.**
- There are reasons of **public interest** in the area of **public health.**
- Processing is necessary for the purposes of preventative or occupational medicine (e.g. for the **assessment of the working capacity of the employee**, the medical diagnosis, the provision of health or social care or treatment).
- There are **archiving** purposes in the **public interest.**

If we offer online services to pupils, such as classroom apps, and we intend to rely on consent as a basis for processing, and we will get parental consent for this (except for online counselling and preventive services).

Where we collect personal data directly from individuals, we will provide them with the relevant information required by data protection law, in the form of a privacy notice.

These privacy notices can be found in locations accessible to data subjects:

- Pupils and Parents/Carers: ***school website***
- School Workforce: ***circulated annually to staff and available from the school office***
- Governors & Volunteers: ***circulated annually to Governors and Volunteers and available from the school office***
- Job Applicants: ***school website***
- Visitors: ***on sign in screen and available from the school office***

Additional Copies of the Privacy Notices are available on request by contacting the school office.

8.2 Limitation, minimisation and accuracy

We will only collect personal data for specified, explicit and legitimate reasons. We will explain these reasons to the individuals when we first collect their data.

If we want to use personal data for reasons other than those given when we first obtained it, we will inform the individuals concerned before we do so, and seek consent where necessary.

Staff must only process personal data where it is necessary in order to do their jobs.

We will keep data accurate and, where necessary, up to date. Inaccurate data will be rectified or erased when appropriate.

When personal data is longer required, staff must ensure it is deleted or anonymised. This will be done in accordance with the school's data retention policy, which states how longer particular data/documents should be kept, and how they should be destroyed.

Copies of the Data Retention Policy can be obtained from the school office or from the DPL (Marilyn Troyano (info@st-charles.rbkc.sch.uk; tel: 020 8969 5566)).

9. Sharing personal data

In order to efficiently, effectively and legally function as a data controller, we are required to share information with appropriate third parties, including but not limited to situations where:

- There is an issue with a pupil or parent/carer that puts the safety of our staff at risk.
- We need to liaise with other agencies or services – we will seek consent as necessary before doing this where possible.
- Our suppliers or contractors need data to enable us to provide services to our staff and pupils – for example, IT companies. When doing this, we will:
 - Only appoint suppliers or contractors which can provide sufficient guarantees that they comply with data protection law.
 - Establish a data sharing agreement with the supplier or contractor, either in the contract or as a standalone agreement, to ensure the fair and lawful processing of any personal data we share.
 - Only share data that the supplier or contractor needs to carry out their service, and information necessary to keep them safe while working with us.

We will also share personal data with law enforcement and government bodies when required to do so, these include but are not limited to:

- The prevention or detection of crime and/or fraud
- The apprehension or prosecution of offenders
- The assessment or collection of tax owed to HMRC
- In connection with legal proceedings
- Where the disclosure is required to satisfy our safeguarding obligations
- Research and statistical purposes, as long as personal data is sufficiently anonymised or consent has been provided.

We may also share personal data with emergency services and local authorities to help them to respond to an emergency situation that affects any of our pupils or staff.

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

10. Individuals Rights under GDPR

10.1 Subject access requests

Individuals have a right to make a 'subject access request' to access personal information that the school holds about them. This includes:

- Confirmation that their personal data is being processed
- Access to a copy of the data
- The purposes of the data processing
- The categories of personal data concerned
- Who the data has been, or will be, shared with
- How long the data will be stored for, or if this isn't possible, the criteria used to determine this period
- The source of the data, if not the individual

- Whether any automated decision-making is being applied to their data, and what the significance and consequences of this might be for the individual.

While the school will comply with Data Protection legislation in regard to dealing with all Subject Access requests submitted in any format, individuals are asked to preferably submit their request by letter, email or fax addressed or marked for the attention of the DLP (Marilyn Troyano (info@st-charles.rbkc.sch.uk; tel: 020 8969 5566)).

They should include:

- Name of individual
- Correspondence address
- Contact number and email address
- Details of the information requested

If staff receive a subject access request, they must immediately forward it to the DLP (Marilyn Troyano)

10.2 Children and subject access requests

An individual's data belongs to them therefore a child's data belongs to that child, and not the child's parents or carers.

However, children below the age of 12 are generally not regarded to be mature enough to understand their rights and the implications of invoking a data request. Therefore, for children under the age of 12 most data requests from parents or carers of pupils at our school may be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

Where a child is judged to be of sufficient age and maturity to exercise their rights and a request is invoked on their behalf, we would require them to give consent to authorise the action to be undertaken.

10.3 Responding to subject access requests

When responding to requests, we:

- May ask the individual to provide 2 forms of identification from the list below:
 - passport
 - driving licence
 - utility bills with the current address
 - Birth / Marriage certificate
 - P45/P60
 - credit card or mortgage statement
- May contact the individual via phone to confirm the request was made
- Will respond without delay and within the regulatory timeframe. We recommend that subject access requests are made during term time.
- Will provide the information free of charge (unless it is found to be onerous, excessive or unfounded). Any fee charged will be reasonable and would only account for the administrative costs incurred while complying with the request.
- May tell the individual we will comply within 3 months of receipt of the request, where a request is complex or numerous. We will inform the individual of this as soon as possible, and explain why the extension is necessary.

We will not disclose information if it:

- Might cause serious harm to the physical or mental health of the pupil or another individual; or

- Would reveal that the child is at risk of abuse, where the disclosure of that information would not be in the child's best interests; or
- Is contained in adoption or parental order records; or
- Is given to a court in proceedings concerning the child.

If the request is unfounded or excessive, we may refuse to act on it, or charge a reasonable fee which would only take into account administrative costs.

A request will be deemed to be manifestly unfounded or excessive if it is repetitive, or asks for further copies of the same information.

When we refuse a request, we will tell the individual why, and tell them they have the right to complain to the ICO.

10.4 Other data protection rights of the individual

In addition to the right to make a subject access request and to receive information when we are collecting their data about how we use and process it, individuals also have the right to:

- Withdraw their consent to processing at any time. This only relates to tasks which the school relies on consent to process the data.
- Ask us to rectify, erase or restrict processing of their personal data, or object to the processing of it in certain circumstances and where sufficient supporting evidence is supplied.
- Prevent use of their personal data for direct marketing.
- Challenge processing which has been justified on the basis of public interest, official authority or legitimate interests.
- Request a copy of agreements under which their personal data is transferred outside of the European Economic Area.
- Object to decisions based solely on automated decision making or profiling (decisions taken with no human involvement, that might negatively affect them).
- Request a cease to any processing that is likely to cause damage or distress.
- Be notified of a data breach in certain circumstances.
- Make a complaint to the ICO
- Ask for their personal data to be transferred to a third party in a structured, commonly used and machine-readable format (in certain circumstances).

Individuals should submit any request to exercise these rights to the DPL (Marily Troyano (info@st-charles.rbkc.sch.uk; tel: 020 8969 5566)). If staff receive such a request, they must immediately forward it to the DPL.

11. Parental requests to see the educational record

Parents, or those with parental responsibility, have a legal right to free access to their child's educational record (which includes most information about a pupil) within 15 school days of receipt of a written request.

Requests should be made in writing to the (Marily Troyano (info@st-charles.rbkc.sch.uk; tel: 020 8969 5566)), and should include;

- Name of individual
- Correspondence address
- Contact number and email address.

12. Close Circuit Television (CCTV)

St Charles Catholic Primary School uses CCTV in various locations around the school site to ensure it remains safe. However, footage may be used for additional reasons specified more fully in the CCTV Policy. We adhere to the ICO's [code of practice](#) for the use of CCTV and provide training to staff in its use.

We do not need to ask individuals' permission to use CCTV, but we make it clear where individuals are being recorded, with security cameras are clearly visible and accompanied by prominent signs explaining that CCTV is in use and where it is not clear, directions will be given on how further information can be sought.

Any enquiries about the CCTV system should be directed to the Site Manager.

13. Photographs and videos

As part of our school activities, we may take photographs and record images of individuals within our school.

We will obtain written consent from parents/carers for photographs, images and videos to be taken of their child for communication, marketing and promotional materials. We will clearly explain how the photographs and/or video will be used to both the parent/carer and pupil when obtaining consent.

Uses may include:

- Within schools on notice boards, display screens and in school publications (magazines, brochures, newsletters and prospectuses) etc.
- Outside of school by external agencies and partners such as the school photographer, local and national newspapers and local and national campaigns we are involved with
- Online on our school website or social media pages.

Consent can be refused or withdrawn at any time. If consent is withdrawn, we will delete the photograph or video and not distribute it further.

You can withdraw consent by writing to the school with your decision.

When using photographs and videos in this way we will only accompany them with their first name if we have your consent to do so.

See our Safeguarding and Child Protection Policy/Acceptable Usage policy for more information on our use of photographs and videos. These can be found on the school website.

14. Data protection by design and default

We will put measures in place to show that we have integrated data protection into all of our data collection and processing activities. These include, but are not limited to the following organisational and technical measures:

- Appointing a suitably qualified DPO, and ensuring they have the necessary resources to fulfil their duties and maintain their expert knowledge.
- Only processing personal data that is necessary for each specific purpose of processing, and always in line with the data protection principles set out in relevant data protection regulations.
- Completing data privacy impact assessments where the school's processing of personal data presents a high risk to rights and freedoms of individuals, and when introducing new technologies or processing tools. Advice and guidance will be sought from the DPO.

- Integrating data protection into internal documents including this policy, any related policies and privacy notices.
- Regularly training members of staff, longer term volunteers or supply teachers and Governors on data protection law, this policy and any related policies and any other data protection matters. We will also keep a record of attendance.
- Regularly conducting reviews and audits to test our privacy measures and make sure we are compliant.
- Maintaining records of our processing activities, including:
 - For the benefit of data subjects, making available the name and contact details of our school and DPO and all information we are required to share about how we use and process their personal data (via our privacy notices)
 - For all personal data that we hold, maintaining an internal record of the type of data, data subject, how and why we are using the data, any third-party recipients, how and why we are storing the data, retention periods and how we are keeping the data secure.

We will report on Data Protection issues to the Governing Body on a regular basis.

15. Data security and storage of records

We will protect personal data and keep it safe from unauthorised or unlawful access, alteration, processing or disclosure, and against accidental or unlawful loss, destruction or damage.

In particular our organisational and technical measures include:

- Paper-based records and portable electronic devices, such as laptops, tablets and hard drives that contain personal data will be kept securely/under lock and key when not in use;
- Papers containing confidential personal data must not be left on display when not in use in office and classroom desks, on staffroom tables, or left anywhere else where there is general access unless there is a compelling lawful basis to do so eg. Public Task to display allergy information;
- Passwords used to access school computers or systems that contain personal information must be kept secure and confidential. Passwords will meet complexity standards. beStaff and pupils are reminded to change their passwords at regular intervals;
- The school prefers staff to use the school's cloud-based systems for storing personal data. However, where USB/devices are used to store personal data, these must be secure/encrypted USB;
- Where personal information needs to be taken off site, staff must only use encrypted USB storage devices or secure 2 factor authentication home access arrangements;
- Encryption processes are in place for back up data so it is encrypted at rest and in transit.
- Staff (including long term supply teachers) and governors are required to use school email accounts which have encryption facilities;
- Two factor authentication procedures are in place for members of staff who access school systems remotely;
- Staff, pupils or governors who store personal information on their personal devices are expected to follow the same security procedures as for school-owned equipment (see St Charles Catholic Primary School's Online & E- safety policy, ICT policy, Acceptable Usage Agreement, Email Use policy and Bring Your Own Device Policy for further information);
- Where we need to share personal data with a third party, we carry out due diligence and take reasonable steps to ensure it is stored securely and adequately protected.

16. Disposal of records

Personal data that is no longer needed will be disposed of securely. Personal data that has become inaccurate or out of date will be rectified or updated, unless it is no longer of use and therefore will be disposed of securely.

For example, we will shred or incinerate paper-based records, and overwrite or delete electronic files. We may also use a third party to safely dispose of records on the school's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law, and provide a certificate of destruction.

When records are disposed of as part of the Data Retention schedule this is then recorded on our record of destruction log.

17. Personal data breaches

The school will make all reasonable endeavours to ensure that there are no personal data breaches.

All potential or confirmed Data Breach incidents should be reported to the DPL (Marilyn Troyano (info@st-charles.rbkc.sch.uk; tel: 020 8969 5566)), where they will be assigned a unique reference number and recorded in the school's data breach log.

Once logged, incidents will then be investigated, the potential impact assessed, and appropriate remedial action undertaken. The DPO will be consulted as required.

Where appropriate, we will report the data breach to the ICO within 72 hours.

The full procedure is set out in the St Charles Catholic Primary School Breach Management Policy which is at Appendix 1.

Such breaches in a school context may include, but are not limited to:

- Personal data being left unattended in a meeting room/in the staffroom/in the PPA room.
- Sending information relating to a pupil or family to the wrong member of staff in school, or to the wrong parent.
- A non-anonymised dataset being published on the school website which shows the exam results of pupils eligible for the pupil premium.
- Safeguarding information being made available to an unauthorised person.
- The theft of a school laptop containing non-encrypted personal data about pupils.

18. Training

All staff (including long term volunteers and supply teachers) and governors will be provided with data protection training as part of their induction process.

Data protection will also form part of continuing professional development, where changes to legislation, guidance or the school's processes make it necessary.

19. Monitoring arrangements

The DPO is responsible for monitoring and reviewing this policy as part of the general auditing and compliance work, they carry out.

They will work with Data Protection Lead and the Governor Data Protection lead to ensure that this policy remains contemporaneous and appropriate.

This policy will be reviewed yearly, and changes recommended when appropriate. The Governors will be asked to sign off the policy review and any necessary changes.

20. Links with other policies

This data protection policy is linked to our:

- Freedom of information publication scheme
- E-Safety Policy
- ICT Acceptable Usage Policy/Agreements
- Email Use Policy
- Data Retention Policy
- Disaster Recovery/Business Continuity Planning and Risk Register.
- Safeguarding and Child Protection Policy
- Privacy notices
- Bring Your Own Device Policy

Appendix 1: Personal data breach procedure

This procedure is based on [guidance on personal data breaches](#) produced by the ICO and the Article 29 Working Party.

- On finding or causing a breach, or potential breach, the staff member or data processor must immediately notify the DPO.
- The DPO will investigate the report, and determine whether a breach has occurred. To decide, the DPO will consider whether personal data has been accidentally or unlawfully:
 - Lost
 - Stolen
 - Destroyed
 - Altered
 - Disclosed or made available where it should not have been
 - Made available to unauthorised people.
- The DPO will alert the headteacher and the chair of governors.
- The DPO will make all reasonable efforts to contain and minimise the impact of the breach, assisted by relevant staff members or data processors where necessary. (Actions relevant to specific data types are set out at the end of this procedure).
- The DPO will assess the potential consequences, based on how serious they are, and how likely they are to happen.
- The DPO will work out whether the breach must be reported to the ICO. This must be judged on a case-by-case basis. To decide, the DPO will consider whether the breach is likely to negatively affect people's rights and freedoms, and cause them any physical, material or non-material damage (e.g. emotional distress), including through:
 - Loss of control over their data
 - Discrimination
 - Identify theft or fraud
 - Financial loss
 - Unauthorised reversal of pseudonymisation (for example, key-coding)
 - Damage to reputation
 - Loss of confidentiality
 - Any other significant economic or social disadvantage to the individual(s) concerned.

If it's likely that there will be a risk to people's rights and freedoms, the DPO must notify the ICO.

- The DPO will document the decision (either way), in case it is challenged at a later date by the ICO or an individual affected by the breach. Documented decisions are stored on the school's breach register on the school's admin computer network which is accessible by members of the admin team and the senior leadership team.
- Where the ICO must be notified, the DPO will do this via the ['report a breach' page of the ICO website](#) within 72 hours. As required, the DPO will set out:
 - A description of the nature of the personal data breach including, where possible:
 - The categories and approximate number of individuals concerned

- The categories and approximate number of personal data records concerned;
 - The name and contact details of the DPO;
 - A description of the likely consequences of the personal data breach;
 - A description of the measures that have been, or will be taken, to deal with the breach and mitigate any possible adverse effects on the individual(s) concerned.
- If all the above details are not yet known, the DPO will report as much as they can within 72 hours. The report will explain that there is a delay, the reasons why, and when the DPO expects to have further information. The DPO will submit the remaining information as soon as possible.
- The DPO will also assess the risk to individuals, again based on the severity and likelihood of potential or actual impact. If the risk is high, the DPO will promptly inform, in writing, all individuals whose personal data has been breached. This notification will set out:
 - The name and contact details of the DPO;
 - A description of the likely consequences of the personal data breach;
 - A description of the measures that have been, or will be, taken to deal with the data breach and mitigate any possible adverse effects on the individual(s) concerned.
- The DPO will notify any relevant third parties who can help mitigate the loss to individuals – for example, the police, insurers, banks or credit card companies.
- The DPO will document each breach, irrespective of whether it is reported to the ICO. For each breach, this record will include the:
 - Facts and cause
 - Effects
 - Action taken to contain it and ensure it does not happen again (such as establishing more robust processes or providing further training for individuals).

Records of all breaches will be stored on the school's breach register on the school's admin computer network which is accessible by members of the admin team and the senior leadership team.

- The DPO and headteacher will meet to review what happened and how it can be stopped from happening again. This meeting will happen as soon as reasonably possible.

Actions to minimise the impact of data breaches

The School will take the actions to mitigate the impact of different types of data breach, focusing especially on breaches involving particularly risky or sensitive information. The School will review the effectiveness of these actions and amend them as necessary after any data breach.

Sensitive information being disclosed via email (including safeguarding records)

- *If special category data (sensitive information) is accidentally made available via email to unauthorised individuals, the sender must attempt to recall the email as soon as they become aware of the error;*

- *Members of staff who receive personal data sent in error must alert the sender and the DPO as soon as they become aware of the error;*
- *If the sender is unavailable or cannot recall the email for any reason, the DPO will ask the ICT support staff to recall it;*
- *In any cases where the recall is unsuccessful, the DPO will contact the relevant unauthorised individuals who received the email, explain that the information was sent in error, and request that those individuals delete the information and do not share, publish, save or replicate it in any way;*
- *The DPO will ensure we receive a written response from all the individuals who received the data, confirming that they have complied with this request;*
- *The DPO will carry out an internet search to check that the information has not been made public; if it has, we will contact the publisher/website owner or administrator to request that the information is removed from their website and deleted.*

Non-anonymised pupil exam results or staff pay information being shared with governors

- *All paper documents recalled and shredded. If it is received by email, governors must only access using their encrypted email and they will be asked to delete the info.*
- *The governors confirm in writing that they have deleted the information.*

A device containing non-encrypted sensitive personal data being stolen or hacked

- *The incident will be reported to the police as soon as possible.*
- *If the device is a school registered device contact a member of Corenetwork (the school IT supplier) to wipe the device memory using the Meraki software as soon as possible.*
- *If it is a personal device the member of staff must use their cloud supplier to wipe the device memory, they must confirm in writing that they have done this.*
