

Your Child in 5/6G Summer Term 2022

Dear Parents/ Carers,

Below, you will find an outline of the topics that your child will be learning about in class over the coming term. In addition to providing you with an insight into the curriculum areas that will be covered until the end of the Summer term, it is hoped that this information will also assist in supporting your child's home learning activities.

English

Throughout the term, pupils will continue to revise a variety of genres and writing styles such as descriptive writing, letter writing and balanced arguments. We will continue to explore punctuation and grammatical rules with spelling tests being held each week.

Reading continues to remain a vital part of your child's education. In class, your child will continue to develop their reading skills during whole class guided reading sessions, where we will focus on inference, deduction and comprehension skills. Children should be reading at home every evening and should be able to demonstrate a clear understanding of the texts that they are reading. Children can read a variety of texts but they should include a novel or chapter book and children must record their reading in their reading records. Your child's reading record should be signed regularly (at least three per week) to confirm that they are reading.

Maths (year 5)

During maths sessions this term, the children will cover a variety of topics including; transformations, converting units of measure, calculations involving whole numbers and decimals, 2D and 3D shapes and volume. As we move toward the end of Summer term we will begin to revise and consolidate learning completed throughout the year. The children will also have opportunities to apply knowledge from a range of topics to reason and problem solve.

Maths (year 6)

Your child will cover a variety of topics including problem solving, shape and space topics, ratio and proportion, fractions, decimals and percentages. Pupils will be encouraged to develop their mental maths through timed activities. We will also begin transitional work to prepare them for KS3.

Religious Education

In RE this term, the children will be learning about the following topics:

Transformation - Children will learn about how feelings and beliefs about the use of transforming energy affect their behaviour and that of others. They will be able to compare their own and other people's ideas about questions that are difficult to answer about transforming energy.

Freedom and Responsibility - Children will be learning to make links to show how feelings and beliefs about the relationship of freedom and responsibility affect their behaviour and that of others whilst making links to scripture.

Stewardship - During this topic, the children will be learning to show how feelings and beliefs about care for the earth affect their own behaviour and that of others. They will be able to give reasons as to why Christians are concerned about the stewardship of creation whilst making links to scripture.

Science

Space

Pupils will be taught to:

- Use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.
- Describe the Sun, Earth and Moon as approximately spherical bodies.
- Describe the movement of the Earth, and other planets, relative to the Sun in the solar system.

Living things and their habitats

Pupils will be taught to:

- Describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird
- Describe the life process of reproduction in some plants and animals

Topic

History:

Pupils will be learning about how life for Catholics changed under Henry VIII.

Geography:

Pupils will be learning about the human and physical geography of North America.

Computing

Pupils will:

- Learn about using technology safely and respectfully and will be able to identify where to go for help and support when they have concerns.
- Learn about computer networks, including the internet; how they can provide multiple services, such as the World Wide Web, and the opportunities they offer for communication and collaboration.
- Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content

DT

The children will be learning about textiles in order to design and create a square for the school quilt to celebrate the Platinum Jubilee

Music

Year 5- Whole class flute tuition

Year 5 will continue to learn to play the flute this term. This will involve practising many new skills and techniques including; handling a flute and learning to play a range of notes; learning to relate the notes played to those on a staff; responding to tempo and dynamics; learning to play and perform together as part of a group. The children will be taught once a week by a tutor from the Triborough Music Hub.

Year 6

The children will continue to sing songs with control and to use their voice expressively. They will do this through a variety of singing songs and games which will teach them about breathing, dynamics and accuracy of pitch; how to improve tone production and use diction and other vocal techniques; about pulse, rhythm and metre. The children will also prepare, practice and perform an end of year production.

Spanish

Children will:

- Learn vocabulary relating to pastimes and future professions
- Present information in written and oral form
- Confidently compose more complex sentences which include conjunctions, prepositions, quantifiers
- Use the bilingual dictionary
- Write about their future plans and dreams
- Read and write phrases and sentences in Spanish from memory and using support material
- Continue to learn grammatical aspects of Spanish

Physical Education (PE)

Pupils will have teacher led sessions where they will partake in athletics. PE will take place every Monday and children are expected to arrive at school wearing their full St Charles PE kit on this day.

PSHE

The children will be exploring the topics:

- Created to live in the Community
- Healthy Lifestyles
- Self-respect and personal goals
- Working together and aspirations
- Money (being a responsible citizen)

This term, the children in year 6 will also attend a relationships conference. More details of this event will follow shortly.

Homework

As a reminder, homework will generally be as follows:

Monday	Spellings (to be handed in on Friday)
Tuesday	Maths (to be handed in by Thursday)

Friday

English + any Topic work (to complete over the weekend)

Your child will be told how to access their homework. In addition to set homework, children will be asked to complete any unfinished class work at home.

Stationery

Where possible, please ensure your child has their own pencil case containing: pencils, a rubber, a sharpener, coloured pencils, a ruler and a glue stick. Children should also bring a clearly labelled water bottle to school each day.

Finally, thank you for your continued support and I look forward to a successful Summer term. If you have any questions or concerns, please feel free to contact me directly via the class email address (56g@st-charles.rbkc.sch.uk). Alternatively, please request a call back by contacting the office.

Best Wishes,
Miss Gordon
5/6G Class Teacher
