Executive Head: Geraldine Hampton  
Head of School: Paula Byrne  
Assistant Head: Frederick Fowle

Dear Parents/Guardians,

I hope you have had a lovely Christmas break and a warm welcome to our new families.

This term in nursery, our topics will be 'Who Lives in our House?', 'Who Will Come to the Nursery Rhyme Ball?' and 'What Will This Turn Into?'

### **Personal, Social & Emotional Development**

Children will consolidate learning to follow our classroom and school rules as well as continue to play and work together in a friendly and kind manner. This half term we will have a particular focus on being considerate to others needs, to share and take turns and begin to resolve minor conflicts with little adult support.

### **Communication and Language and Literacy**

We will be listening to lots of Nursery Rhymes and retelling them in a variety of ways including drawings, role play and small world. We will start to talk about rhyming words and listen out for them in both songs and stories.

We are going to build upon our listening skills and will be trying to distinguish between different sounds in the environment as well as listening to the initial sounds in words.

Children are introduced to blending sounds to make words as well as to finding the initial sounds in words.

Children will start coming home with a reading folder containing a wordless 'reading' book. They will be able to follow the pictures and narrate the story being told. Children will also choose a story book to share with the adults at home.

We will be supporting children to make a variety of marks on paper including writing letters from their name.

Children take part in small group activities and interventions to build on their communication skills.

### **Physical Development**

This half term there is a particular focus on children learning to:

Negotiate space successfully when playing racing and chasing games with other children, adjusting speed or changing direction to avoid obstacles.

Experiment with different ways of moving.

Holding pens and pencils between their thumb and forefingers, no longer using whole-hand grasp.

### **Mathematics**

We will continue learning about numbers and mathematical concepts through songs and rhymes on a daily basis. As well as this we teach maths directly by following the programme 'Mastering the Curriculum'.

This term children are:

Learning about every day height, length, mass and capacity.

Practising 1:1 correspondence whilst counting objects or actions.

Subitising (visually recognising a number of objects without needing to count them) within 6.

Learning that 2 numbers can be added together to make a new number.

### **Understanding of the World**

In our topic of '**What will this turn into?**' We will be planting bulbs and seeds and closely looking at the stages of growth. Throughout all our topics children will be learning and expected to:

Comment and ask questions about aspects of their familiar world such as the place where they live or the natural world.

Talk about some of the things they have observed such as plants, animals, natural and found objects.

Talk about why things happen and how things work

## Religion

Our RE topics for the Spring term are 'From Galilee to Jerusalem' where we will learn about Jesus' life and 'Desert to Garden' which covers the Easter story. The children continue to say school prayers daily and learn how to make the sign of the cross. This term we will also be beginning whole class collective worship, where children take turns in leading our class in prayer.

## Expressive Arts and Design

Creative activities will be related to our topics of '**Who Will Come to the Nursery Rhyme Ball?**' '**Who Lives in our House?**' and '**What will this turn into?**' In particular, children will be learning and expected to:

Create simple representations of events, people and objects.

Choose particular colours to use for a purpose.

Experiment with mixing colours.

Introduce a storyline or narrative into their play.

All classes have a unique email address where you can contact the teacher/s. This is not for informing the school of absence; the main office must be contacted in that instance.

If you do have any concerns, please do contact me so that we can arrange a time to speak. You can reach me at [nm@st-charles.rbkc.sch.uk](mailto:nm@st-charles.rbkc.sch.uk) Please remember that I am in class during the day, so may not be able to reply instantly, but I will get back to you as soon as I can. If you have an urgent concern, please phone the school directly on 020-8969-5566.

Thank you for your continued support, and we look forward to a great term ahead!

Yours sincerely,

Meriel McCauley (Nursery Teacher)
